AT THE AUDITORIUM.
Vaudeville and Motion Pictures.

The midweek change of bill at the
Auditorium strikes the public in a fa-
vorable manner, as judged from the
large audiences on Thursday afternoon
and evening and the liberal applause
they gave the various numbers on the
bill. The program for Thursday evening
is an abundance of tuneful singing and
entertaining talk, and the moving pic-
tures are of the most excellent quality.
The physical torture miss is a young
woman who has remarkable freedom
as to the movements of her muscles,
performing the most difficult and ex-
traordinary feats of contortion, and
adding her to twist her body complet-

is a comedy sketch which affords oppor-
tunity for several dramatic scenes, in-
terpersed with some finely rendered
songs. Gorman and West appear in
another comedy sketch full of humor
and cleverness. The Herald quartet,
Four, a comedy quartette, set a good
hand for their act.

Plant of Their Aeroplane and Will
Order a New One.

Stebbins & Geynet have sold this
week the motor-propeller Caudron en-
gine which they had on exhibition with
their aeroplanes at the fair grounds.
They shipped it to the purchaser in
Pennsylvania on Thursday evening.
This morning about 12:30 o'clock they
passed through Franklin square with
their aeroplanes on the way from the
fair grounds to Sackem park, where
they built and keep the machine. They
do not expect to have the aeroplane
ready for flight until late in the fall
or early spring, largely due to the
fact that the motor is not yet ready
for the shipment of first class motors.
There was a gratifying interest
shown in their machine at the fair and
their exhibition was a success.

accompanied by their mothers. The lit-
tle ones were entertained by games.
A group picture of the children was
taken. Dainty refreshments were
served. The party broke up at five
o'clock, each and all having had a
good time.

CLOSING DAY OF THE FAIR

Programme Carried Out Before a Good Sized Crowd—
Races Went in Straight Heats—Auction the Feature
of the Morning.

As usual, the closing day of the fair
was moving day for the exhibitors,
and before the noon whistle there had
been many departures, leaving vacant
exhibition stands. There was no great
amount of this, however, but the list-
lessness of the last day was apparent
and realizing that it was the end and
only a few hundred new ones at the
most could be expected to visit the
grounds, they were eager to get away
and set their wares back to the city,
or to other fairs. By night exhibition
hall was well cleaned out and the at-
tractions about the grounds had gone
or were planning to do so. The
weather was excellent and there were
from 1,500 to 2,000 on the grounds dur-
ing the day.

The third day's bill was one of many
features, the new one being the auc-
tion in the morning, when many assem-
bled about the auctioneers. Horses and
cows were put up and disposed of at
good prices, but the most interesting
feature of the day was the sale of
cattle exhibited by J. B. Palmer
had been taken away Wednesday night
to be shown at the state fair in Har-
tford. The cattle were sold in the
cattle stalls well deserted.

On the Race Track.
There were two races on the track
for Thursday afternoon. The first
run off in three straight heats. In the 2:25
class there was an added starter, Bon-
nie Wilkes, owned by Frank Smith of
this city. This clever animal won the
three of the heats without any excep-
tion. Jewell made repeated tries for
first place, but was unable to do so.
Norwich horse, Ella R. was unable to
get better than third, being passed
by Jewell on the first turn of the
second half.
